

Greetings fellow Lasallians,

The Regional Council of Young Lasallians of the Lasallian Region of North America (RELAN) is proud to announce the 8th Annual “Spring into Action” initiative for **March 15- April 15, 2019**. Last year many of you participated in “Spring into Action” and we’re excited to have even more participation this year!

“Spring into Action” is an initiative that highlights the wonderful service that occurs within our Lasallian ministries throughout the year. We’re asking you to join other Lasallians in service by participating in a volunteer/service activity. You can create something new, join an event that is already planned or simply share with us things that have already happened this year!

As a way to connect with our global Lasallian family, we invite you to use the hashtag #RiseAndServe, so we are able to share best practices from RELAN in this social media campaign from the International Council of Young Lasallians (ICYL).

Be sure to share with us how you participated in “Spring into Action”. Here’s how:

- Twitter/ Facebook – tag your activities #SpringIntoAction19 and #RiseAndServe
- Be sure to share a picture of your service with the hashtags or @yl_relan.
- You could also send your pictures and stories to us by e-mailing council member Julia Kueter Sleeper at julia.kueter@gmail.com.

We invite you to learn more about Young Lasallians in RELAN, the Regional Council of Young Lasallians, and who your local representative is by visiting us on the web at <http://lasallian.info/lasallian-family/young-lasallians/>.

Thank you in advance for your participation in “Spring into Action” and for your work as Young Lasallians.

Together and by Association,
The Regional Council of Young Lasallians
