

Tips for Huether 2024 Registration

We are excited to have you join us in Baltimore for this year's Huether Conference! To assist you in our registration form, we wanted to provide the following suggestion to assist your ministry / community in streamlining registration for the 2024 conference.

- We encourage your ministry / community to **identify and approve all attending participants before completing the registration form.**
 - If anyone from your ministry / community submitted a breakout session proposal, she/he will be notified of the status of their breakout session proposal in mid-September. Anyone who submitted a proposal has been encouraged to hold on registration until notified by Christian Brothers Conference regarding the status of their breakout session. Accepted breakout session presenters will receive a discount code for \$100.00 off the full conference registration fee.
- We encourage your ministry / community to appoint a **“Huether Accompanier”** to assist in supporting the registration process of your ministry.
 - This person can assist in completing the registration form for any registrants.
 - Make sure to share with us on your personal registration if you are your ministry's Huether Accompanier! If your Huether Accompanier attends the conference, she/he will receive a special nametag designation ribbon.
